Introduction

A fundamental aim of Active Schools in Fife is to grow and support a network of people to deliver opportunities within our local schools and communities enabling more young people to take part in sport and physical activity.

This year we will recognise the contribution of these individuals at the Active Schools Awards Evening. This evening aims to recognise and reward individuals who truly make a difference to the children and young people in our schools and communities.

Nominations for each of the awards are invited from any individual or organisation that knows a person who they feel deserves an award and meets the criteria detailed in each category.
