

Help shape the future of
Buckhaven town centre,
shoreline and the links between

Buckhaven Links! is a community-based (charrette) project exploring the future of Buckhaven Shoreline and town centre. It aims to gather the views of the public to share ideas, set priorities and create a shared vision for the shore and town centre. This will lead to a Masterplan and Community Action Plan for the future of Buckhaven.

A series of workshops and drop-in sessions will take place in March

No booking required - just turn up!
Come to one workshop or come to all!
Everyone welcome, children included.
