What is Happening Now?

The PAS team are busy working away on a **Spatial Masterplan Document** and **Community Planning Document** which will provide a framework for your ideas to take them forward in the short, medium and long term – both by CLEAR and also by Fife Council. Additional visuals are also being worked up. It is anticipated that the Community Planning document will become part of Fife Council’s Neighbourhood Plan for the area. Ideas will also feed into the Fifeplan planning Local Development Plan.

We continue to work closely with CLEAR and Fife Council who will be commenting on these draft documents before they are finalised. We hope to have them finalised early summer.

Would you like to be involved in taking the process forward? Get in touch with CLEAR in person or online and let them know!
