Fife Employability Forum

Improving employment outcomes for the people of Fife

Wednesday 23 November 2016

Fife Voluntary Action

Pegs Bailey

Employability Development Manager

FVA Third Sector Employability Support 2016/17

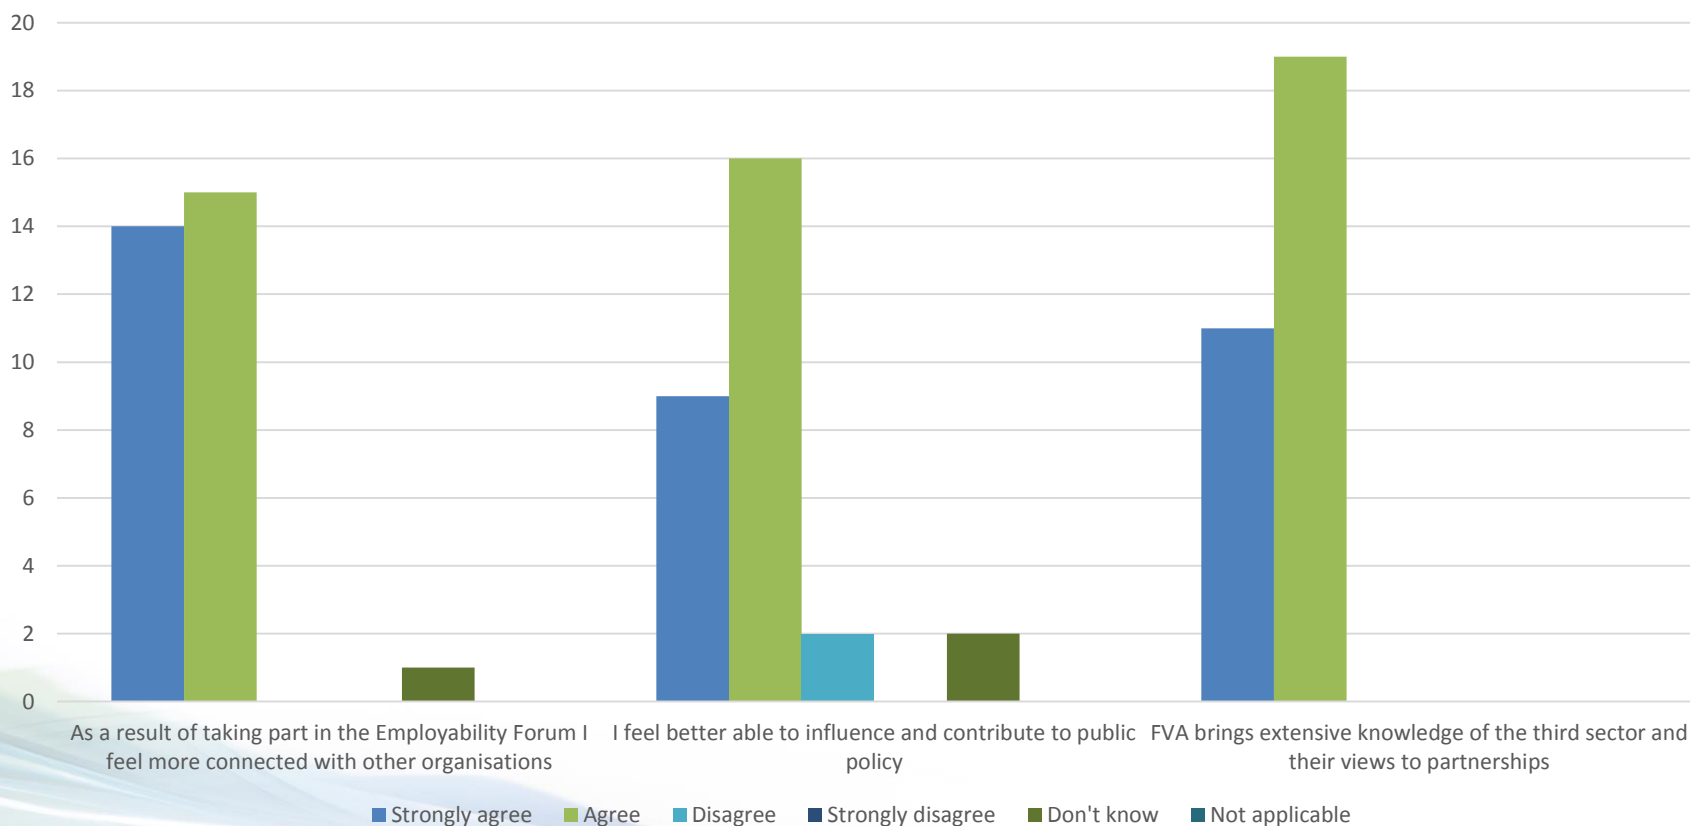

Aim: To increase the employability of people in Fife through improving capacity, scope and influence of third sector provision in the area.

Objectives:

- Improving the quality and scope of third sector employability services in Fife
- Raising the profile of the third sector as a key partner in delivering employment outcomes in Fife
- Increasing third sector influence and understanding of policy development at national, regional and local levels
- Improving awareness of the role volunteering can play in helping people build employability

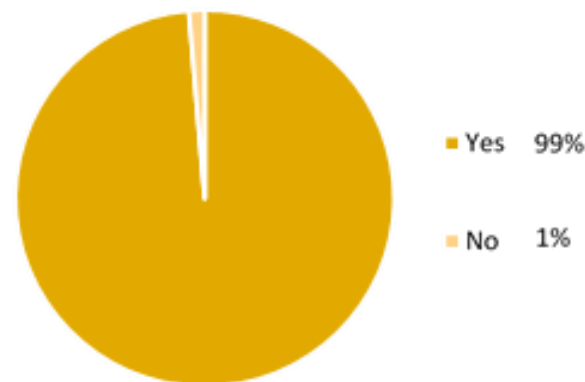

Cross-sectoral Employability Forum

OFP Employability Services Directory

‘Katy and I are both finding the Opportunities Fife Directory of Employability Services booklet really helpful – I have used it a lot when meeting up with participants after they have been away on a course with us and thinking about next steps, it’s really handy to bring out and have a flick through with people. Wish there was something like it for other areas!’
