

**Have you ever had a child live with you and who you cared for, for any reason, that was a relative or a child of a friend?**

**If so, you may have been a Kinship Carer and we'd love to hear from you!**

# Have your say. Shape the future.

We would like to invite you to take part in a discussion about kinship care.

Fife is committed to **#KeepThePromise** and we are working in partnership with **The Promise Scotland** and **Embrace - Caring in Fife** to fully understand the needs of the Kinship Community in Fife, to make significant changes for the better, where they are needed, based on what you tell us.

## What will this involve?

An informal conversation about your personal experience, what worked for you and the things that could be better.

Group discussions or individual sessions are being held in July 2022. If you are interested in being part of this exciting initiative, please contact us for further information or a chat using the contact details below.
