

UNDERSTANDING YOUR CHILD

SOLIHULL APPROACH

Solihull Approach Parenting Courses are now free for all to access online.

The Solihull Approach aims to improve emotional health and wellbeing by supporting relationships and helping us to understand behaviours in a non-judgemental way and by developing the most appropriate responses. This supports communication between parents, carers and families and the children and young people in their care.

We know the current situation is challenging for everyone and we hope the Solihull materials will be particularly helpful at this time and beyond.

If you would like more information, please come along to the following event:

Understanding your Child: Solihull Online in Fife – Multi-agency Webinar.
