

# Warmer Homes Scotland Scheme

Since Warmer Homes Scotland was launched (figures up to 31 July 2016):

- 8 out of 10 who have qualified have received completely free energy efficiency measures.
- Most have received measures valued at over £4,000.
- The most common measures installed are a new gas boiler (to make creating heat more efficient) and/or insulation (to keep the heat in better).

As well as a warmer house, those who have qualified for the scheme have saved an average of £350 per year on their energy bills.

## Who is the scheme for?

Warmer Homes Scotland is designed to help vulnerable people make their homes warmer and more comfortable by installing a range of energy saving measures. The Scottish Government is offering assistance to homeowners and private sector tenants struggling to heat their home, who have lived in their property for at least six months, and who meet the qualifying criteria. For more information about the scheme, and to check if you qualify, please contact Home Energy Scotland on 0808 808 2282 and an energy advisor will be happy to assist you.

## What support is available?

The measures offered will depend on a survey of the property. If you have had assistance through a Government programme before, you can still apply for Warmer Homes Scotland if you meet the qualifying criteria. Assessors will come to your home to survey it and will recommend measures suitable for the property, including a range of insulation and heating measures, and in most cases costs will be met by the Scottish Government. There will be a need for customer contributions in some instances for certain more expensive measures, such as solid wall insulation. Potential measures include:

- Wall insulation
- Loft insulation
- Draught-proofing

- Central heating
- Renewables

An interest free loan is available to help meet the costs of the customer contribution. The loan, which is managed by the Energy Saving Trust, is subject to a credit check, and successful loans will include an administration fee. Further details on the loan will be provided if your offer includes a customer contribution.

## Who is eligible?

The eligibility criteria is summarised below. If you do not meet the criteria for Warmer Homes Scotland you might be eligible for assistance through the **interest free loan scheme** or one of the many **area-based schemes**.
